} Blanks GOKOP 0.16 sec

+lx2

53923-1x1

- Surface kind of lumpy
- otherwise generally level
- water remaining on top

53923-4x1 4x2

- slightly lumpy surface
- somewhat sloping front to back 21-1.5mm
- water on top

53923-6x1 4x2

- very smooth level surface
- had to add water to top of core
- may have slightly disturbed very small region along edge - 4cm on left side of X-ray
